

**Primary Eye Care Program – Theory Lectures**

Saturday and Sunday October 18-19, 2008

AGENDA FOR OPTOMETRISTS AND OPHTHALMOLOGISTS

**Saturday October 18, 2008**

Time	Lecture Title and Speaker	COPE Approval #
9:00 – 11:00 am	<b>Twelve Angry Eyes: Grand Rounds</b> <b>Joseph Pizzimenti, OD, FAAO</b> The primary eye care provider plays a crucial role in the diagnosis and treatment of conditions that can result in significant vision loss or even death. This high-energy, rapid-fire grand rounds details proper triage and oculo-systemic management of twelve such cases.	17039-SD 2 Hours
11:00 – 11:15 am	Coffee Break	
11:15 – 12:15 pm	<b>Primary Eye Care and Drug Therapy</b> <b>Myrna Lichter, MD, FRCS</b>	Pending Approval 1 Hour
12:15 – 1:15 pm	Lunch On Your Own	
1:15 – 3:15 pm	<b>Age-Related Macular Degeneration: An Update on Diagnosis and Management</b> <b>Joseph Pizzimenti, OD, FAAO</b> This course uses a case-based, grand rounds approach to review the pathogenesis, diagnosis and management of age-related macular degeneration. It also describes the results of recent studies that have been useful to standardize terminology, identify risk factors and develop new treatments, including nutritional and anti-VEGF therapies.	17922-PS 2 Hours
3:15 – 3:30 pm	Coffee Break	
3:30 – 4:30 pm	<b>Advancements in the Treatment of Keratoconus</b> <b>Ray Stein, MD, FRCS</b>	Pending Approval 1 Hour
4:30 – 5:30 PM	<b>Advancements in IOLs for Aphakic Patients</b> <b>Ray Stein, MD, FRCS</b>	Pending Approval 1 Hour

AGENDA FOR OPTOMETRISTS AND OPHTHALMOLOGISTS

**Sunday October 19, 2008**

Time	Lecture Title and Speaker	COPE Approval #
8:00 – 10:00 am	<b>Posterior Segment: Grand Rounds</b> <b>Joseph Pizzimenti, OD, FAAO</b> Optometrists are frequently required to make clinical decisions in vitreo-retinal disease. This course presents several posterior segment patient cases. Clinical guidelines for diagnosis and management are all reviewed, along with the results of recent clinical trials that impact treatment decisions.	22018-PS 2 Hours
10:00 – 10:30 am	Coffee Break Served in the Optifair Canada Exhibits Hall	
10:30 – 11:30 am	<b>Advancements in AMD Treatments</b> <b>Sohel Somani, MD, FRCSC</b> This course will detail the proactive screening of patients for both dry and wet forms of AMD and recognize the importance of self-screening in patients at risk. This course will also assist in utilizing skills to differentially diagnose and identify which patients require referral to a general ophthalmologist or retinal specialist and outline the best treatment strategies for patients in different stages of dry AMD and patients at risk of developing AMD according to expert opinion and clinical evidence.	Pending Approval 1 Hour
11:30 – 1:00 pm	Lunch Served in the Optifair Canada Exhibits Hall	
1:00 – 2:00 pm	<b>Glaucoma: Surgical Treatments</b> <b>Baseer Khan, MD, FRCSC</b>	Pending Approval 1 Hour
2:00 – 3:00 pm	<b>Differential Diagnosis in Diabetic Retinopathy</b> <b>Jordan Cheskes, MD, FRCSC</b>	Pending Approval 1 Hour
3:00 – 3:30 pm	Coffee Break Served in the Optifair Canada Exhibits Hall	
3:30 – 5:30 pm	<b>Clinical Grand Rounds</b> <b>Allan Slomovic, MD, FRCSC</b>	Pending Approval 2 Hours
