

John Lloyd | MD, FRCSC, DABO

Dr. Lloyd is a general ophthalmologist providing comprehensive eyecare. He has a focus on cataract and refractive surgery, but assesses and treats most eye conditions. He performs cataract surgery at Sunnybrook as well as at the Kensington Eye Institute. He performs refractive surgery at LasikMD Toronto, and is the medical director of the Downtown LasikMD surgicentre. Dr. Lloyd received his MD from the University of Western Ontario and completed his residency training in Toronto and New York.

Dr. Lloyd's research focuses on the outcomes and complications of cataract and refractive surgery.
