

## **Sharon Carter** | Practice Management Consultant

---

Sharon Carter has over 25 years of optometric experience including working in an office as an office manager, sales and training for an optometric software company to consulting for private practices. Sharon started her own consulting company, Eye Care Optometric Consulting, in 2001 and personally consults in offices all over the country spreading her team building philosophy. Sharon is very energetic and enthusiastic and for more than 15 years, has been speaking and motivating staff at state associational meetings and national and international conferences sharing her company's philosophy of 'provide the best patient care possible and the money will follow.'
